Shrri Dharshan D R

Final Year CSE (Cyber Physical Systems) @ VIT | AI/ML | Computer Vision | Generative AI | Digital Twins | HCI | Software Development
Chennai, Tamil Nadu, India

Summary

I’m a final-year B.Tech Computer Science and Engineering student specializing in Cyber Physical Systems at VIT Chennai, passionate about building intelligent, interactive, and practical technology solutions.My interests span Artificial Intelligence, Machine Learning, Generative AI, Computer Vision, Digital Twins, Human-Computer Interaction (HCI), and Software Development.I enjoy turning ideas into working prototypes and real-world applications. I’ve worked on projects involving AI/ML, computer vision, gesture-based interaction, digital twins and 3D virtual environments, HCI, data analysis, fraud detection, and web development.I have hands-on experience with Python, Java, JavaScript, React, SQL, Firebase, Git/GitHub, and AI/ML tools and frameworks. I’m particularly interested in exploring how AI and emerging technologies can be combined with software and physical environments to solve real-world problems.As I approach graduation, I’m looking for internship and entry-level opportunities in AI/ML, Generative AI, Computer Vision, Software Development, and emerging technologies, where I can contribute to meaningful projects while continuing to learn and grow.Always open to connecting, collaborating, and learning from people working in AI, software, and emerging technology.
